

Here is a detailed summary of the content of the document provided by the Free Democratic Party (FDP):

Introduction

- The FDP emphasizes the fundamental values of the European Union: democracy, rule of law, and human rights.
 - The party seeks to protect and strengthen Europe against internal destabilization by extremist forces and external attacks by autocratic states.
-

Key Policy Areas and Proposals

1. Economy and Bureaucracy

- **Reducing Bureaucracy:** Proposes eliminating two old regulations for every new one introduced by the EU to promote growth without additional costs.
 - **English as an Administrative Language:** Advocates for English to be universally accepted in EU administrative processes to simplify communication for citizens and businesses.
 - **Free Trade:** Promotes global free trade among democracies to ensure food affordability and economic growth.
-

2. Labor and Skills

- **Addressing Labor Shortages:** Aims to expand the European single market for labor, energy, capital, and digital services.
 - **Simplifying Mobility for Workers:** Encourages easier processes for workers moving between EU countries and reducing employer bureaucracy for hiring foreign workers.
-

3. Defense and Security

- **European Defense Union:** Supports the creation of a European Defense Union and its development into a European army.
 - **Crisis Responsiveness:** Calls for the removal of veto rights in foreign and security policy decisions to enable quicker EU actions.
 - **Enhanced Defense Capabilities:** Proposes expanding the European Defense Fund and harmonizing arms export regulations.
-

4. Climate and Innovation

- **Market-Based Climate Solutions:** Advocates for using the EU Emissions Trading System and developing CO2 storage technologies to reduce greenhouse gases.
 - **Technological Innovation:** Emphasizes investment in e-fuels, fusion technology, and climate-friendly energy solutions over prohibitive regulations.
 - **Artificial Intelligence (AI):** Seeks to make Europe a hub for AI development with clear regulations that balance innovation and civil rights.
-

5. Financial Stability

- **Combatting Inflation:** Prioritizes financial stability in the EU by controlling government spending and avoiding shared debt responsibilities.
-

6. Migration and Border Control

- **Pragmatic Migration Policy:** Proposes faster asylum procedures at external EU borders or third countries and consistent deportation of individuals with rejected applications.
-

7. Education and Opportunities

- **Erasmus+ for Vocational Training:** Plans to expand Erasmus+ to include vocational training opportunities.
 - **New Basic Right:** Advocates for educational access and mobility as a fundamental right across Europe.
-

FDP's Core Reasons for Support

1. **Prosperity:** Strengthening the single market and advancing free trade agreements.
 2. **Security:** Enhancing Europe's defense and expediting EU foreign policy decisions.
 3. **Education and Career:** Simplifying access to education, training, and cross-border job opportunities.
 4. **Innovation:** Fostering technological advancements and private investments.
 5. **Less Bureaucracy:** Reducing administrative burdens to spur growth and progress.
